### **SANITARY SEWER – HOUSE LATERAL VIDEO INSPECTIONS ERIE COUNTY SEWER DISTRICT NO. 3 TOWN OF HAMBURG**

During the next few weeks, Erie County Sewer District No. 3 (ECSD 3) field crews will be performing HOUSE LATERAL VIDEO INSPECTIONS of the sanitary sewers that connect your house to the main sewerline.

Inspection crews will be opening sewer vents/cleanouts on or around your property. HOUSE LATERAL VIDEO INSPECTIONS will be conducted to access the condition of your house lateral and determine pipe material. The inspections will consist of placing a camera into the lateral. It is not necessary for you to be present for the inspection.

You may contact Pat Breier at the ECSD 3 Central Region Office at 823-8188, ext. 230 or Angela Horton at the Division of Water Quality Management Downtown Office at 858-8437 with questions regarding the HOUSE LATERAL VIDEO INSPECTIONS. The information from this assessment will be used to improve sewer services.

Thank you for your cooperation,
