## Plumbing Contractors

### a. CONTRACTOR REQUIREMENTS

District registration of contractors requirements are as follows:

#### A. License.

All contractors doing sewer work within the District shall be properly licensed in accordance with the provisions of Division 3, Chapter 9, Business and Professions Code, of the State of California, as amended. Contractors shall present evidence of licensing, including license number.

Acceptable license classifications are:

"A" - General Engineering Contractor

"B" - General Building Contractor

"C-34" - Pipeline Contractor

"C-36" - Plumbing Contractor

"C-42" - Sanitation Systems Contractor

#### B. Insurance.

All contractors must obtain and maintain:

1. **Worker's Compensation Insurance** as required by California law, and
2. **General and Automobile Liability Insurance** with a minimum coverage of \$1,000,000. In accordance with District Specifications the contractor shall furnish to the District a certificate indicating that: *"The Stege Sanitary District, its Directors, Officers, Representatives, Employees and Agents are included as additional insureds"*

*under the liability policies.”*

The District may investigate the contractor's insurance coverage at any time. Failure of the contractor to obtain and maintain the insurance as noted above may cause the denial and/or revocation of contractor's permit, by the District.

**C. OSHA Permit.**

All contractors working in excavation 5 ft. or deeper must obtain a permit from the California Division of Occupational Safety and Health. A copy of the current OSHA permit must be on file with the District or provided when a sewer permit is obtained.

OSHA permits may be obtained from the Cal-OSHA office by calling (510) 602-6517.
